If you have any questions or requests, please feel free to contact us.

Thank you for your continued partnership.

Best regards,

Customer Success Team

🗨️ Ask Anything Support is Available

As part of our efforts to strengthen our support system for improving customer satisfaction, GeoTechnologies has established an "Ask Anything Support" service.

For questions and consultations not only about our products but also about maps and human flow data, please contact our Ask Anything Support.

▼ We Welcome Any Type of Consultation!

- "I'm not sure where to ask this question..."
- "I want to explore what's possible with maps"
- "How can human flow data benefit my business?"
- "How can I get more value from my current products?"
- "What's new with your products?"
- "Do you have the specific data I need?"
- "I have feature requests for your products"

Please feel free to contact us with questions and consultations about our products, maps, and human flow data.

Your existing support channels and email inquiries remain fully available.
